

Friends,

We hope this email finds you and your families in good health. As previously communicated, our team has been monitoring developments pertaining to the outbreak of COVID-19, coronavirus. We are adhering to the advice of local and national officials.

As of our latest communications with city officials we need to do what is best for our participants and ensure our runners safety. Therefore, we are combining Jersey City Challenge Race and the Hoboken City Challenge Races. **Both will take place in Hoboken on July 25th.**

All Jersey City Challenge Race participants will be automatically transferred to this new event: **Gold Coast City Challenge Race.** There is nothing else that you need to do.

City Challenge Race hosted by Stamford Downtown will be moved to a future date. Once that date is determined we will notify everyone.

As you can imagine, an event of this size has many expenses and we had been working hard to prepare a great event. Given the expenses that we need to pay refunds are not possible. We thank you for understanding and helping us stay in business.

Should you have any questions, please do not hesitate to reach out to us yvette@citychallengerace.com.

We look forward to seeing everyone at our events. When we congregate it will be a celebration of resilience & community. Please stay safe, continue training where possible. Even though gyms are closed are goals continue!

***** In order to help those affected financially who would not be able to pay our current prices we have adjusted all rates back to early bird rate. This will allow folks to register for as low as \$41.**

Sincerely,

City Challenge Race Team
